

Friends of Auke Bay

We, the undersigned Auke Bay business, commercial and educational interests, join together to petition the City and Borough of Juneau and the State of Alaska to protect and enhance the neighborhood of Auke Bay as a safe walkable place to live, dine, shop, study, recreate, work and transit. Current plans for wide lanes, shoulders and a huge roundabout will forever alter the characteristics of this neighborhood and make the area less walkable and livable.

- We want to keep DeHart's as a vibrant icon of and service to the community, the University and visitors.
 - We would like to see an inclusive planning process that considers the greater neighborhood as a whole before any changes are made to Glacier Highway between Fritz Cove Road and the Auke Bay Ferry Terminal, including the intersection of the Back Loop Road.
- More info: on Facebook, Friends of Auke Bay*

Current plans for wide lanes, shoulders and a huge roundabout will forever alter the characteristics of this neighborhood and make the area less walkable and livable.

- We want to keep DeHart's as a vibrant icon of and service to the community, the University and visitors.
- We would like to see an inclusive planning process that considers the greater neighborhood as a whole before any changes are made to Glacier Highway between Fritz Cove Road and the Auke Bay Ferry Terminal, including the intersection of the Back Loop Road.

Friends of Auke Bay

We, the undersigned Auke Bay business, commercial and educational interests, join together to petition the City and Borough of Juneau and the State of Alaska to protect and enhance the neighborhood of Auke Bay as a safe walkable place to live, dine, shop, study, recreate, work and transit. Current plans for wide lanes, shoulders and a huge roundabout will forever alter the characteristics of this neighborhood and make the area less walkable and livable.

- We want to keep DeHart's as a vibrant icon of and service to the community, the University and visitors.
 - We would like to see an inclusive planning process that considers the greater neighborhood as a whole before any changes are made to Glacier Highway between Fritz Cove Road and the Auke Bay Ferry Terminal, including the intersection of the Back Loop Road.
