The Planning Commission, at a regular public meeting, adopted the analysis and findings listed in the attached memorandum dated August 8, 2013, and found the widening and rehabilitation of the separated shared use path along Mendenhall Loop Road consistent with CBJ 49, to be conducted as described in the project description and drawings submitted with the application and in accordance with the following conditions:

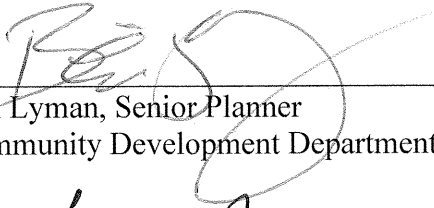

1. The applicant shall construct a pad for a future bus shelter where the proposed ADA accessible ramps access the road. A permit allowing the CBJ to construct a shelter over the pad at a future date, when funding allows, shall be issued prior to the commencement of construction on this project. If the bus stop must be relocated in order for this permit to be issued, the ADA accessible ramps and bus stop location shall be modified so that a permit for the shelter's placement in the vicinity of its current location can be issued; any relocation of the bus stop must be agreed to by Capital Transit.
2. Advisory Condition: CBJ 42.20.095(b) Construction of buildings and projects. It is unlawful to operate any pile driver, power shovel, pneumatic hammer, derrick, power hoist, or similar heavy construction equipment, before 7:00 a.m. or after 10:00 p.m., Monday through Friday, or before 9:00 a.m. or after 10:00 p.m., Saturday and Sunday, unless a permit shall first be obtained from the City and Borough building official. Such permit shall be issued by the building official only upon a determination that such operation during hours not otherwise permitted under this section is necessary and will not result in unreasonable disturbance to surrounding residents.
3. Advisory Condition: At least three business days prior to any traffic revision or road closure of any public street or portion thereof, the contractor shall provide written notification of the traffic revision plan to the CBJ Fire Marshall and Chief of Police. Failure to provide such notice may result in suspension of any CBJ-issued permits for such work, and is punishable by fine as an unlawful street closure under CBJ 72.17.010.
