

**BOARD OF ADJUSTMENT  
NOTICE OF DECISION**

Date: September 11, 2014

File No.: VAR2014 0018

William Heumann  
6000 Thane Road  
Juneau, AK 99801

Application For: A Variance to reduce the front yard setback from 10' to 0' for a new covered parking deck.

Legal Description: USS 1504 FR

Property Address: 11445 Glacier Highway

Parcel Code No.: 4-B23-010-5-008-0

Hearing Date: September 9, 2014

The Board of Adjustment, at its regular public meeting, adopted the analysis and findings listed in the attached memorandum dated August 28, 2014, with the following additions:

Variance Criterion #1 Finding – The Board finds that Criterion #1 is met. The relaxation requested is not exactly similar to other projects in the area but would give substantial relief to the owner who is trying to do a project that will provide benefit to the public. Approval of the variance should cause no injustice to other property owners in the area because the project is designed to meet unmet needs and there are no similar projects in this area.

Variance Criterion #6 Finding – The board finds that criterion #6 is met. The granting of the variance will enable the applicant to build a fully covered parking facility designed to provide safe, all-weather access for building tenants. This type of facility represents a clear benefit to the community that outweighs any perceived detriments that might result from not having the required setback for the structure.

Further, the Board APPROVED the Variance to be conducted as described in the project description and project drawings submitted with the application with the following conditions:

1. Prior to the issuance of a Building permit, the applicant shall submit a site plan, and if needed, a narrative, showing/ describing how the snow will be managed on site, including snow from the roof. If snow will be partially managed on adjacent property, the applicant shall submit a recorded easement addressing snow management.
2. Prior to the issuance of a Building permit, the applicant shall submit documentation that will ensure the foundation of the parking deck and building will not be eroded by water run-off along both side property lines.
3. For the Building permitting process, a surveyor shall verify all yard setbacks for the Foundation Setback Verification Form.

4. Prior to Final Certificate of Occupancy, the applicant shall submit an as-built survey showing the parking deck, building and roof eaves all consistent with submitted plans.
5. Prior to Final Certificate of Occupancy, the applicant shall record an access and maintenance easement and submit a copy to the CBJ. This document shall address shared maintenance of the parking deck, roof and any retaining walls that cross the shared property line. The access easement shall be delineated on the Bay View site and afforded to the owners of Cannery Cove. The easement shall also address any drainage that crosses the shared lot line.

Attachment: August 28, 2014, memorandum from Eric Feldt, Community Development, to the CBJ Board of Adjustment regarding VAR2014 0017

This Notice of Decision does not authorize construction activity. Prior to starting any development project, it is the applicant's responsibility to obtain the required building permits.

This Notice of Decision constitutes a final decision of the CBJ Board of Adjustment. Appeals must be brought to the CBJ Assembly in accordance with CBJ §01.50.030. Appeals must be filed by 4:30 P.M. on the day twenty days from the date the decision is filed with the City Clerk, pursuant to CBJ §01.50.030 (c). Any action by the applicant in reliance on the decision of the Board of Adjustment shall be at the risk that the decision may be reversed on appeal (CBJ §49.20.120).

Effective Date: The permit is effective upon approval by the Board, September 9, 2014  
Expiration Date: The permit will expire 18 months after the effective date, or March 9, 2016, if no Building Permit has been issued and substantial construction progress has not been made in accordance with the plans for which the development permit was authorized. Application for permit extension must be submitted thirty days prior to the expiration date.

Project Planner:  for   
Eric Feldt, Planner Michael Satre, Chair  
Community Development Department Planning Commission
